## Dear Colleagues,

On behalf of the scientific committee of the Nordic Baltic Congress of Cardiology and Lithuanian Society of Cardiology, we warmly welcome you to the 26th Nordic-Baltic Congress of Cardiology which will be held on June 1-3, 2017 in Vilnius, Lithuania.

The congress aims to provide expert insights into recent advances in key areas of cardiology and cover a number of topics including coronary artery disease, heart failure, arrhythmias, hypertension, imaging, intervention and cardiovascular prevention.

You will be invited to numerous lectures, meetings, poster presentations and workshops. We will also discuss organizational issues, with a particular focus on complex approach to treatment of cardiovascular diseases.

Vilnius is a modern and cosmopolitan city with diverse architecture, history and traditions. This combined with friendly hospitality of Lithuanian people makes Vilnius enjoyable cultural place for everyone. Attending the Congress will not mean only a scientific experience, but also a cultural and social opportunity; you will be our guest at the Opening Ceremony and Gala Dinner. We hope that speakers, participants and guests will find some time to discover our wonderful city.

As the organizers of this meeting, we cordially invite you to join us for the scientific and cultural experience. We do hope you will enjoy your stay in Vilnius!
