

26th Nordic-Baltic Congress of Cardiology 2017

Congress Speaker, 2017

Dr. RAIN PAJU

Senior cardiologist in department of Heart Arrhythmias of Tartu University Hospital, Estonia

Dr. Rain Paju graduated from Tartu University in 1995 and though the years he has been specialising in arrhythmias in Kaunas Medical Academy and in Oulu University, not to mention all the cardiac society's annual meetings and special congresses about arrhythmias.

In the '90-s Dr. Paju started with cardiac pacing, electrophysiology, radiofrequency ablations in 1996, and in the mean while kept himself busy with investigating different medicines in the field of antiarrhythmic and anticoagulants. He has been involved in MediGuide Registry research.

Rain Paju is a member of the board of Estonian Cardiac Society and has been two terms as a treasurer of the society.

He is working since 2004 as a senior cardiologist in department of Heart Arrhythmias of Tartu University Hospital.
